

# Piedmont Brookhaven - Prototype Offices

## QUICK FACTS

Atlanta, GA / 16,000 SF / 2016

### PROJECT DETAILS

- Patient-centric internal medicine flagship prototype for Piedmont Healthcare
- Utilizes "on-stage" and "off-stage" circulation patterns which keep the patient on a warm, inviting path separate from the back of house clinical side
- Sliding barn-doors on exam rooms keep corridors and room clear, maximizing usable square footage

### SERVICES PERFORMED:

Full-service architectural & interior design including medical circulation studies, furniture and materials selection, branding, art selection, construction administration.

“Warner Summers level of customer service makes us feel we are their only clients and they often go beyond what is required to hit seemingly unattainable deadlines. We are guaranteed to have a beautiful space with them on the team”.
